The prestigious fair continues with a special attention dedicated to Photography

While the [FIAC](#) has just ended, it is now the turn of [PARIS PHOTO](#) to take place under the name of the [Grand Palais](#).

Always at the core of this true artistic and cultural moment, the 18th edition of the [Paris Contemporary Art Show by YIA Art Fair](#) continues its development with a special attention dedicated to Photography. Presented in the prestigious and historic decor of the RIVOLI building, only a few metres from the [Louvre Museum](#), and only 3 stations from the Avenue des Champs-Élysées and the Grand Palais, the artists of the selected galleries offer their photographic vision.

On this occasion, [Art-Trope](#), New Generation of Artists Agency, will represent 4 Artists from its community. Thanks to its association with [ART FUTURE](#) (Taipei) as well as with the main Societies of Friends of Museums in Paris such as the Centre Pompidou, the Maison Européenne de la Photographie, the Musée d'Art Moderne de la Ville de Paris and the Palais de Tokyo, the Fair gives a voice to well-known and emerging artists
